CHISPA	To provide intensive in home and community services to parents with children ages 0-5 to reduce child maltreatment	June 30, 2014-July 1, 2016	CHISPA (which means 'SPARK' in Spanish) is Families First's community-based early learning program for children from birth to age five who live in disadvantaged and low-literacy communities. A flagship site for United Way's Partnerships Advancing Childhood Education (PACE), CHISPA includes three core strategies: 1) Home Visitation; 2) School Transition; and 3) Parent Leadership. CHISPA works to ensure that parents actively teach their children, ensure their safety and well-being, and prepare them for success in school. The Home Visitation strategy employs the nationally-recognized, evidence-based Parents-As-Teachers (PAT) curriculum and model. School Transition employs PAT, as well as the Kellogg Foundation's School Partnerships to Assure Ready Kids (SPARK) model. Parent Leadership pulls from the Center for the Study of Social Policy and Research on protective factors, and the Parent Services Project's Parent Leadership Institute.	United Way	Yes	40 families a year

## Families First, Inc. Company Resume

Personal Responsibility Education Program (PREP)	To educate teens on safe sex to reduce the number of teen pregnancies	10/1/2014-9/30/2017	Families First is responsible for providing a range of services and activities having a measureable impact on at risk youth with the intent to change behavior, delaying sexual activity, increasing condom or contraceptive use for sexually active youth, or reducing pregnancy among youth.	Department of Human Services- Department of Family and Children Services	yes	90 families a year
TeenAge Pregnancy and Prevention (TAPP)- In Home Services for Teen Moms	To educate teens on safe sex to reduce the number of teen pregnancies and provide teens with parenting skills	June 30, 2009-July 1, 2017	TAPP is informed by the following evidenced- and practiced-based models for positive child and youth health and development: Parents As Teachers and SafeCare for parenting education; HealthConnect One's Community-Based Doula program model for pregnancy, birth and postpartum support; Strengthening Families Protective Factors for peer education; Advancing Youth Development for youth development and family communication; and cognitive behavioral therapy for assessments and counseling. TAPP staff work to engage all parties responsible, including the baby's paternal family, to ensure positive long-term outcomes for the baby and support for the teen mom.	United Way and Kaiser Permanente	Yes	58 teen mothers per year
